Water Quality Assurance Act General Public Discussion Questions

Alexa J. Lamm & Pei-wen Huang¹

After learning about the Water Quality Assurance Act, it is important to acknowledge members of the general public's thoughts. Some questions you can ask to encourage a positive conversation are:

1. What do you think about water quality in Florida?
2. Do you think water quality is getting worse or getting better? Why?
3. Have you experienced any water quality issues? What was the issue(s)?
4. Why do you think the Water Quality Assurance Act is important to protect water resources?
5. How can the Water Quality Assurance Act improve water quality in Florida?
6. Do you take care of your home landscape/lawn? If so, how will the Water Quality Assurance Act impact your landscaping care?
7. What do you believe are the largest issues facing you, as you strive to comply with the Water Quality Assurance Act as a homeowner who needs to take care of your landscape/lawn?
8. If you have a home landscape to take care of, how do you plan to deal with the impacts the Water Quality Assurance Act has or will have on your landscaping care?
