

Florida Spring Initiative General Public Discussion Questions

Alexa J. Lamm & Pei-wen Huang¹

After learning about the Florida Spring Initiative, it is important to acknowledge members of the general public's thoughts. Some questions you can ask to encourage a positive conversation are:

1. What do you think about water quality in Florida?
2. Do you think water quality is getting worse or getting better? Why?
3. Have you experienced any water quality issues? What was the issue(s)?
4. Why do you think the Florida Spring Initiative is important to protect water resources?
5. How can the Florida Spring Initiative improve water quality in Florida?
6. Do you take care of your home landscape/lawn? If so, how will the Florida Spring Initiative impact your landscaping care?
7. What do you believe are the largest issues facing you, as you strive to comply with the Florida Spring Initiative as a homeowner who needs to take care of your landscape/lawn?
8. If you have a landscape to take care of, how do you plan to deal with the impacts the Florida Spring Initiative has or will have on your landscaping care?
9. What do you think about public involvement in protecting spring water quality?
10. Do you consider taking action in protecting spring water quality? Why or why not?
