# UFCTI: Measuring Students' Critical Thinking Styles

UFCTI trainer certification uses professional avatars to enhance the training experience.

#### WHAT IS UFCTI?

The UF Critical Thinking Inventory measures critical thinking style on a continuum that ranges between Engagement and Seeking information. Although the spectrum contains two ends, UFCTI participants can fall anywhere in between.

#### APPLYING UFCTI RESULTS

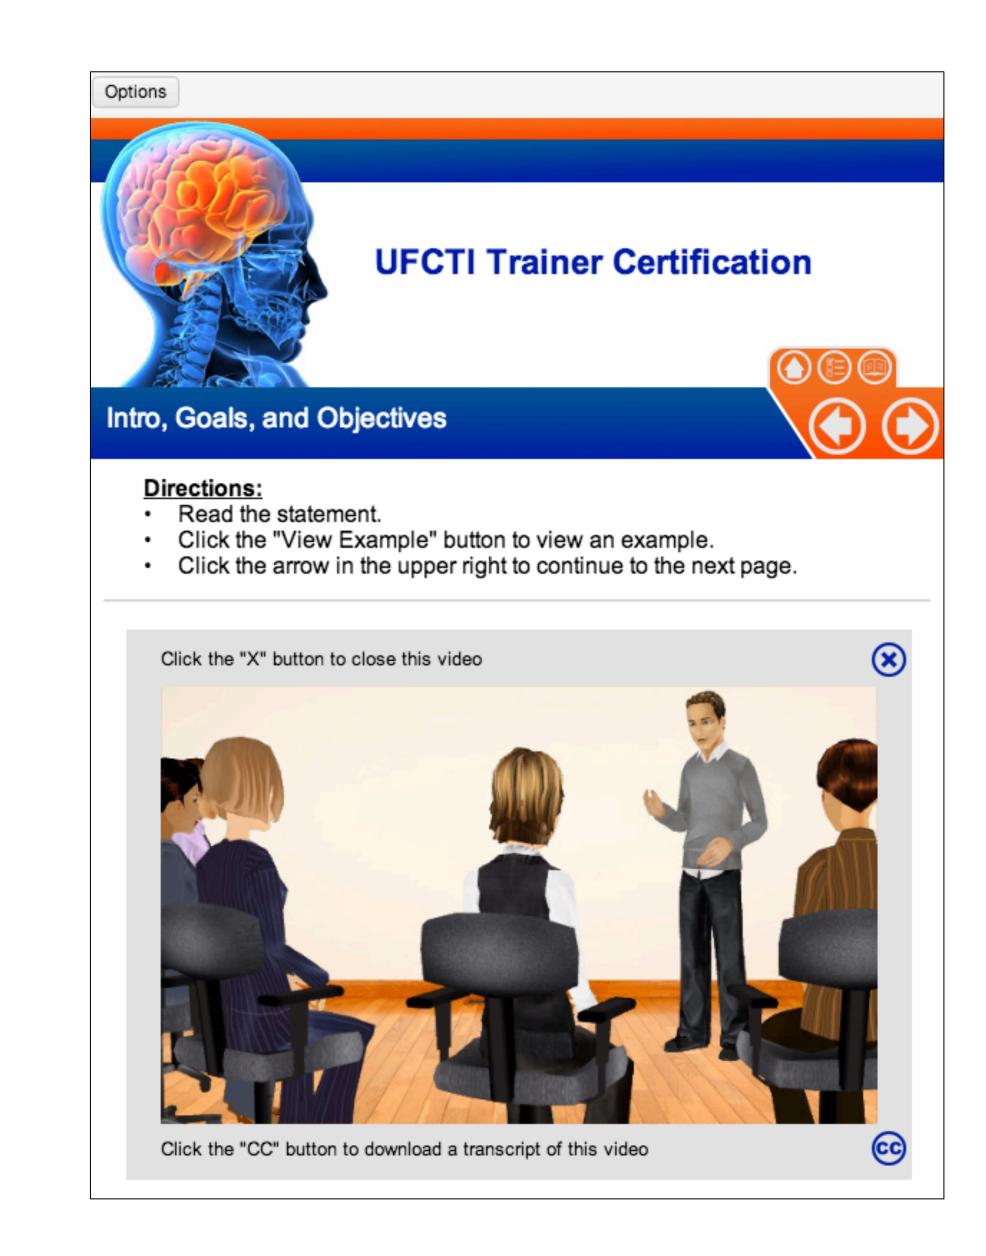

By understanding how different people think critically about an issue, you can put your students and/or team members in a position to succeed by grouping people together in the most effective way.

### RESEARCH TESTED

Extensive research has gone into the development of the UFCTI, including working with students, industry leaders, and the public. The research conducted ensured validity of the results and ensured that results applied to multiple groups.

#### BECOMING A CERTIFIED UFCTI TRAINER

Anyone with an interest in applying critical thinking concepts and theories can take the certification training course to learn how to administer the UFCTI instrument. UFCTI trainers often work at universities and are also business consultants and trainers. Learn about the concepts behind critical thinking, how to get results for the UFCTI, and how to interpret and capitalize on the results from the UFCTI. The interactive course is completely online and only takes up to two hours to complete. You can start today!

The UFCTI trainer certification uses an interactive online approach and presents examples throughout so that teachers will be able to better understand how their students think, and design curriculum accordingly.
